____ NEW APPLICATION

Membership in this Association shall include persons engaged in or supportive of professional land work within the minerals industry, irrespective as to title, degree of concentration in any phase of professional land work, or means by which the person is compensated for his or her services. Supportive is defined as work necessary for the accomplishment of professional land work. Professional land work shall be defined as: the negotiation, acquisition, processing, maintenance and administration of any contractual agreement involving mineral resource ownership which is expeditious and/or necessary to the minerals industry.

Provide a brief description of the type of land work in which you are engaged.

____ RENEWAL APPLICATION
